DIGITAL MARKETING & AI | MSC CANDIDATE

Marketing professional with 10 years of marketing execution across higher education and agency environments, now building hands-on digital CRM and AI-assisted marketing capability through an MSc. Recent experience spans paid social campaign management, CRM-style audience segmentation, and content strategy for a live client project. Seeking a digital marketing internship within a multicultural organization.

PROFESSIONAL EXPERIENCE

Marketing and Campaign Coordinator 09.2025 – 12.2025

Namibia University of Science and Technology – Namibia

- Developed multichannel content and messaging strategy for an SMS and email reactivation campaign reaching 20,400 incomplete applicants, supporting postgraduate and returning professionals recruitment.
- Managed and analysed a segmented paid social campaign (three audience groups), achieving a 6% click-though rate on the best-performing segment.
- Produced a full campaign performance report with segment-level recommendations that informed budget reallocation for future campaigns.

Event Project Coordinator 11.2017 – 08.2025

Namibia University of Science and Technology – *Namibia*

- Owned end-to-end creative direction, artwork concepts and paid media rollout for a national flagship campaign (NUST Legacy Run), delivering three ad variants that generated a combined 172,980 views and 45,158 link clicks through a media partner and drove signups to nearly meet a 1000 person target.
- Delivered institutional events in hybrid format, in person with live streaming on Facebook, YouTube and Microsoft Teams, including real-time online audience engagement.
- Coordinated cross-functional teams, including designers, volunteers, academics and vendors, across NUST's main and three satellite campuses.

Digital Marketing Consultant 02.2018 – 09.2021

LEFA Transportation Services – *Namibia*

- **Collaborated** with designers for cohesive visual campaigns and integrated marketing communications.
- **Designed and executed targeted paid digital campaigns** to drive app adoption and onboarding.
- Increased Facebook conversion rates by 8% through optimisation of audience targeting and engagement strategy

Account Executive (Advertising & Campaigns) 06.2015 – 10.2017

Adforce Advertising (Leo Burnett Namibia) – *Namibia*

- **Conducted market and competitor research** to inform campaign positioning.
- **Revived a key account** through direct stakeholder engagement, preserving a major revenue stream.

Marketing and Events Assistant 02.2013 – 05.2015

Warehouse Theatre – *Windhoek, Namibia*

- Wrote, designed and distributed a weekly newsletter to an audience of approximately 10,000 subscribers through Mailchimp.
- Managed event communications and advertising budgets and negotiated media rates across print, radio and digital platforms.

PROJECTS

MSC Consulting Project – Poppy Skincare, SKEMA Business School 01.2026 – 04.2026
Led the project as Project Manager while personally executing the digital marketing workstreams

- Built new product pages and categories and configured store settings on Shopify
- Built a LinkedIn editorial calendar with defined content themes as part of a wider social strategy.
- Led a six-competitor market and website benchmark that informed strategic recommendations.
- Used AI tools to support translation of website and social content, and to structure competitor benchmark data for comparison.

EDUCATION

SKEMA Business School – *France* 2026 - Present
MSc Digital Marketing & Artificial Intelligence

Namibia University of Science and Technology – *Namibia* 2020
